

IMPACT

Fight. Influence. Control.

WHO ARE WE AND WHAT IS OUR MISSION ?

IMPACT Ltd. is a licensed Bulgarian company that specializes in DDD Services (disinfection, disinsection, and deratization) on a local level. Our firm has been officially opened since 2019, however, our staff has more than twenty (20) years experience in the fight against pests and microorganisms that businesses and private homes encounter daily. Annually our personnel completes additional training and certifying to ensure that we are up to date with the latest practices in pest control.

Our competitive advantage is based on:

- Usage of high-quality products to guarantee results;
- Absolute concentration in the local business which allows us to build long-term relationships with our valued customers;
- Innovative biological methods of prevention and action against pests.

Our mission is to enable our clients perform their core activities by removing the complications presented by pests and unwanted microorganisms.

IMPACT Ltd. Operates strictly per established business plan to become a leader in the local pest control market by 2025.

20+
Experience

All required licenses

Concentration on North-East Bulgaria

Industrial, agricultural and private homes, as well as governmental institutions

WHAT ACTIVITIES WE DO ?

Disinfection

IMPACT Ltd. offers a mix of physical, chemical, and biological practices in elimination and reduction of the number of pests and microorganisms (rodents, parasites, bacteria, etc.).
Our certified personnel has experience in performing high quality disinfection services in numerous establishments including hospitals, private and business properties.

Insect Control and Prevention

IMPACT Ltd. specializes in the control and prevention of insects, such as cockroaches, fleas, flies, mites and more. Each insect has its individual and unique biological features and the approach to a successful elimination is never identical. Our personnel has invaluable knowledge of the biological treats and the seasonal dynamics/development phases in the process of insect's re-population. This knowledge is essential in the process of control and further prevention

In addition, Impact Ltd offers a free consultation on best practices in the area of prevention, which enables our client to achieve long-term results and often a complete elimination of the insects.

Pest Control

Impact Ltd personnel has over 20 years of professional experience with the fight against rats, mice and other rodents, which often present a financial threat to the company's assets such as inventory, FF&E, etc.,. The timely and adequate practices are essential in the successful control and prevention of these pests.
